

Thrive As You Lead | The Summer Spirit™ Program

2 Dynamic Pods
Delivering 2 Accelerated Paths
to Exceptional Leadership
Starts July 13, 2020!

The Summer Spirit Package is for physicians who want to add a new chapter to their leadership story.

Learning Pod 1: EQ + IQ = Thrive As You Lead

Learning Pod 2: Capitalize on Your Strengths = Thrive As You Lead

I customized these programs for you because I couldn't find them when I needed them most:

When I was trying to be a more effective influencer...

When I was trying to achieve new goals that didn't have an outlined pathway...

When I was trying to determine what was really, really important to me...

They can exceed your expectations and I will do all I can to ensure that they do.

Instead of a one-size fits all approach, the programs are physician-centric to help the exceptional leader in you realize your vision for successful leadership.

Each learning pod includes:

- Precourse tips and tools
 - Receive your "Thrive As You Lead Wonder Box" with interactive learning tools
- Access to the private MPL Summer Spirit Facebook Community
 - Connect with other physician leaders in your Learning Pod
 - Ask questions and get feedback from me and your peers
 - Support when you need it and from other physicians who share in your experience
- Scientifically validated assessment and comprehensive report
- Interactive Group Coaching Session to learn key competencies and strengths essential to thriving as a physician leader (2 hours)
- 1:1 Coaching Session to go deeper into your report, your leadership style, and your goals (1 hr)
- Post-course materials and reflection
 - Readings and reflection exercises to consolidate your learnings

****Bonus Summer Spirit Package Offer****

- 1:1 follow-up Coaching Session to discuss insights, behavior changes, and tips for continued success (30 min)

Thrive As You Lead | The Summer Spirit™ Program

A Decision That Could Change Your Career and Put It on An Entirely New Trajectory

The programs are centered around scientifically-validated assessments where you will apply learning and insights about yourself to achieve your goals.

Let's do this.

Every one of us is on a personal development journey. Exploring who we are as individuals, investing in our growth and expansion can summon our capabilities to thrive as authentic and empowered individuals.

While the quality and comprehensive value in these programs is unprecedented, the question is: how committed are you to evolving and advancing your personal power?

Let's do this and add the most rewarding chapter yet to your success story!
